*Creating family memories for
over half a century*

Fish for fighting Kamloops Trout in the MEADOW LAKE chain of lakes, hike wilderness trails or just relax.

Meadow Lake has been a fishing camp since the early 1940's. Every lake contains the red meated Kamloops Trout who are such dazzling fighters. Three of our twelve lakes are within a leisurely ten minute walk, several within thirty minutes or longer.

Fishing is great from spring thaw in May to ice-up in November. We smoke, freeze and pack your catch. On request we serve it to you as a tasty breakfast fish.

While hiking in this wilderness area you may see abundant wildflowers, a moose at the water's edge, a loon's nest in a quiet cover, soaring eagles and osprey, deer feeding, and occasionally even a black bear.

After a delicious gourmet dinner relax at our outdoor fireplace, surrounded by old spruce trees. And on clear evenings admire the breathtaking vista of stars, or the full moon over Meadow Lake.

Come join us and our third generation Guests and start creating your own family memories with some of the most exciting fishing, scenic hiking and pleasurable relaxation in British Columbia, Canada at

MEADOW LAKE FISHING CAMP.
